## Independent Auditor's Report

To

1. We have audited the accompanying Statement of Consolidated Financial Results of **Mohit Industries Limited** ('the Holding company') for the year ended 31<sup>st</sup> March, 2017 ('the Statement'), and its subsidiaries (the Holding Company and its subsidiaries together referred to as the "Group"), its share of the profit / loss of its associate for the year ended 31 March, 2017 (the "Statement"), being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Our responsibility is to express an opinion on the Statement.
2. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Holding Company's preparation and fair presentation of the Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Holding Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the Statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

3. In our opinion and to the best of our information and according to the explanations given to us the Statement:

I.	SI No.	Particulars	Audited figures (as reported before adjusting for qualification)	Audited figures (audited figures after adjusting for qualification)
	1.	Turnover / Total income	15,502.12	N.A. (As it is not possible to quantify the effect of qualification)

	7.	Net Worth	2,850.72	
	8.	Any other financial item(s) (as felt appropriate by the management)	-	

**II. Audit Qualification**

a. **Details of Audit Qualification:** Qualified Opinion as reported in Auditors' Report dated May 30, 2017 on Standalone Financial Statement of the company for the year ended March 31, 2017: (Basis of Qualified opinion)

*The company has not provided for Long Term Employee Benefits such as Gratuity and Leave Encashment on accrual basis but provides the same as and when they become due for payment. This method of accounting of Long Term Employee Benefits is in deviation with Accounting Standard-15 on Employee Benefits in respect of provision for Long Term Employee Benefit & Defined Benefit plans. As there is no actuarial report or basis of calculation available with the management of such long term employee benefits, the quantum of deviation cannot be determined. If the company had followed the method accounting as per AS-15, then employee benefit expense would have increased and correspondingly long term provision would have also increased for such employee benefits.*

b. **Type of Audit Qualification :** Qualified Opinion

c. **Frequency of qualification:**

This has been subject matter of qualification in the auditor's report since the year 2007 and has continued till the auditor report for the financial year ended on the 31<sup>st</sup> March, 2017.

d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views: **N.A**

e. For Audit Qualification(s) where the impact is not quantified by the auditor:

I. Management's estimation on the impact of audit qualification: **N.A**

II. If management is unable to estimate the impact, reasons for the same: "The Board is of the opinion that the Provision for the Long term Employees are determined on the basis of actuarial Valuation Method & technique prescribed in the AS-15. The Consulting fees by actuaries for determining the Provision for long term benefit Plan is even higher than the Annual Liability of the company for Long term benefits. The company has decided to pay the Long term benefits as and when it becomes due as the amount is negligible and it is not going to make any impact on the financial position of the company. Considering the size of the company and negligible liability, the company has not made provisions for Long term employee benefits & Defined benefits plan"
